Class Two Homework

Monday 28th September 2020

Dear Parents/Legal Guardians,

So far this term, children have been set daily reading, Sumdog online tasks and times table practise for homework. Each child has now been given a GCP '10-minute task' workbook for English and Maths. Please could you work with your children to complete one activity from each book every week. Please note that due to the current circumstances, these books cannot be returned to school each week to be marked by your child's class teacher. However, the answers for each section can be found in the back of the books. Please mark these with your child and encourage them to correct any questions they may have answered incorrectly.

In the event of your child needing to take time of school to self-isolate, or for any future school closure due to COVID-19, please could children complete one page from each booklet every week day. The tasks in the books match with curriculum coverage for each half term and are good revision for the children, should they need to be off school.

As well as these activities, please can the children continue to read with an adult each day. This can be recorded and sent to your child's class teacher on Class Dojo, as they do not have home-school reading logs this year.

We are also monitoring in school how long the children spend on Sumdog activities each week, as well as checking to see that they are completing a range of activities for Maths and English on this resource.

Please note that the expectation for Year 3 is that children know their times tables up to the 9 times table and Year 4 up to the 12 times table and can recall facts quickly. There are a number of children who are still not able to do this and practise is needed. There are online activities that the children use in school and can access at home, such as J2E Blast on School 360, which can help with this.

Your support is much appreciated.

Kind regards,

Becky Donkin
Class 2 Teacher

Headteacher: Mrs Belinda Athey
